Dear Adil,

As we have discussed this week, the Kaizen project you facilitated has been an outstanding success. Beyond achieving results well in excess of our objectives, the members of the team have learned a great deal about the power of the methods you taught us.

I can also say that your professional, patient, and persistent style was very effective in bringing the diverse group of participants to a new level of teamwork and in infusing them with confidence that they can repeat this success. It was a pleasure to have you with us on this journey.

Best regards,

William Peck
Operations Manager
